## Norway Municipal Court

Wm. F. Jones, Judge

Chester Wade of South Paris was adjudged guilty of stealing a leather vest, the complainant being A. Darius Wing of South Paris. The respondent told the court that he wore the article of clothing while hunting and left it at a farm house for a time as the weather was so mild. He admitted the vest was taken from the Wing house without the owner's knowledge or consent. The fine of $10 and costs was not paid. The goods were recovered.

The respondent was represented at the hearing by Walter L. Gray, Esq., of South Paris.

The action followed the death of Mrs. Harthorne of South Paris at the Central Maine General Hospital at Lewiston where she was hurried after an automobile collision in Woodstock Wednesday, Nov. 16. Stewart was returning to his home after a hunting trip and collided with Willis Walker's Oakland in which was his daughter, Mrs. Harthorne, aged 19, and other passengers. The girl was badly injured about the head and died Sunday morning.

Robert F. Bickford has an item of interest to taxpayers. "All unpaid taxes in Norway draw interest after Dec. 1. The town has use for the money.

Walter Berry, ad compositor on the Portland Evening News, dropped in here Saturday forenoon to see the boys. He was a linotype operator for us during the vacation season, afterward he made a start on the cases at the Oxford Democrat Office. Securing work at the News plant, he quit this part of the country except for occasional visits.

The light on the west side of the town clock burns brightly again and up town folks are happy. Our attention was called to the fact that the electric bulb was renewed Friday.

Thanksgiving over, next will be the Christmas time with the buying of Christmas gifts. Don't forget that the Advertiser makes a good Christmas present. The price is $2.00 per year and we will send it wherever you want it to go. Also send a Christmas card receipt to you to present to the party or we will send it direct to them.

Mrs. Frank Morrill of Gray, formerly of Norway, spent Saturday in town. She says she was the most homesick woman that ever lived when she first moved there and that even now she would like to come back to Norway to live. Mrs. Morrill raises Airdale puppies and told us the following: "Some time ago I advertised for an Airedale and soon after you sent me a marked copy of your paper of an ad of Harry Stone of Harrison, now of Lovell. I went and saw him and bought the female dog I now have. She is a wonderful dog, intelligent and a fine watch dog, she can almost talk and knows everything that is said to her. A while ago I went away and she always takes charge when I go out, so this day she came to the house and took Irene Potter (she is the girl who lives with me) by the hand and fussed. She said, 'Echo, what is the trouble?' so she followed her and the dog took her to the fence where a chicken was hung up. Recently I received a letter from someone asking me to sell a male pup for $5. I wrote back and told him I guessed not, I'd been offered $100 for its mother and I'd feel ashamed to sell one of her pups for that price. Mrs. Morrill took her Airedale to the dog show at Lewiston this fall and won the 1st, 2nd and 3rd prizes in her class. There were nine in the last litter and several of these have been sold, but she still has a few to sell and has an ad in the Intelligence Column. Read it.

D. M. Stuart of Bolster's Mills holds a big auction sale at his residence, Saturday, Nov. 26, at 10 a. m. We printed posters and dodgers for the event and an ad in this paper enumerates a large list of household goods and farming implements that go in this auction. Dana says, "Don't forget your cup for the noon lunch."

Spring antics in the fall is not confined to posies. Irving E. Andrews of South Paris reported hearing frogs peep along the Hebron road on November 17. Many are wondering how the program will work out in May when the real season comes.

Did you know, you who own adding machines, that you can buy the "rolls" of paper for your machine at this office? We sell them for 15c. Call and get a supply.

We met Mrs. Abbie J. Tubbs digging dandelions by the Greenleaf Avenue road side the other day. We thought it late in the season for greens. She said she used the root to mix with coffee. She likes it and the doctor prescribed it. She will be 82 years old December 20 and is a very smart woman.

Arthur "Muggins" Higgins of the back shop force, spent Saturday afternoon and Sunday in Lewiston with Walter Berry, a former worker here.

Colder weather Sunday and Monday produced more thin ice. We again plead with young folks to forget skating until the ice is solid and safe for this healthful sport. Parents warn your children. Children, obey your parents.

The doves are such a nuisance on the Advertiser roof something desperate should be done. We want some one to shoot them. We simply cannot put up with it. Who will do it?

Stuart K. Skillings is the local agent for the New Hupmobile with service at the garage of Noble & Noble, Whitman St. Mr. Skillings has placed a large ad in this issue of the Advetiser. Read it.

A brooch pin with blue stones has been lost and Hazel E. Bicknell uses the Intelligence Column, trusting the finder will read the notice and kindly return the article.

Norman Greenlaw: "Had a deuce of a time putting in the bulb on the town clock. Turned myself wrong side out and upside down and needed another pair of hands. But the light shines and everybody is happy.

Wm. F. Young of Crockett Ridge lost a tire chain and is using the Intelligence Column to recover the property. Read the ad.

Ray Bennett is advertising a horse and a pung for sale in the Intelligence Column. He tells us he has sold out his milk business—three cows, milk bottles and transferred his customers to Frank W. Noyes, up in town. Ray put a price on the business and Mr. Noyes said, "I'll take it." He put the money down and the transaction closed. Ray has reserved a cow for his own use. At present he has not decided what he will do.

Lake Pennesseewassee is at high water mark, something unusual for November, according to M. W. Sampson, who has observed conditions for thirty odd years.

Not all folks watching the electric trains at Ashton's are children. Old birds well along in years get a kick from that train that whizzes around and around and never grows dizzy.

### TRYING TO BE A DOCTOR

We heard a good story of a certain man whose name we will not mention.

He wanted to ascertain the temperature of a member of his family. Of course the thermometer must be sterilized, so he immersed it in hot water and forgot to shake down the mercury.

The result frightened him as it registered 105 degrees. A regular physician was immediately called and he found the patient's temperature to be only 98 degrees, to the great relief of all.

The Daughters of Veterans will hold regular meeting Friday evening and the annual nomination of officers will take place. Every member is expected to be present.

## Life's Journey Ended

Mrs. Jane Millett

Mrs. E. Jane Millett, widow of William D. S. Millett, and one of Norway's oldest residents, passed away Saturday, Nov. 19, at the home of Mrs. Jessie Buck, Norway Lake, where she had been for the past four months to be cared for, as she suffered a shock at that time and had been confined to her bed ever since, gradually failing until the end.

Mrs. Millett was a lifelong resident of Norway, born June 9, 1839, the daughter of Benjamin and Eliza Bennett Robbins, both natives of Greenwood. She was the last of her family. She married William Millett, who was a stage driver for years between Norway and South Paris, before the branch track was built. He died Dec. 17, 1880.

She was a member of the Norway Universalist church. She leaves only a niece, Mrs. Hattie Thurlow, of Paris.

Services were conducted by Rev. Pliny Allen at Spiller's Funeral Home, Tuesday at 2 P. M. Burial was in the family lot at Pine Grove cemetery.

### METHODIST ANNUAL FAIR AND ENTERTAINMENT

The annual Bazaar arranged by the Ladies' Aid of the Methodist Episcopal Church and held at Community Hall two days last week, was a success in every way.

Blue and white crepe paper formed the decorations about the hall and around several booths and tables.

The fancy table was in charge of Mrs. Gertrude Allen and Miss Beatrice Stone. Mrs. Carrie Philbrook and Mrs. Abra Clark presided at the apron table and Arthur Morgan's Sunday school class had a tempting assortment of homemade candy at a prettily decorated booth. The mystery booth was in charge of Mrs. Carrie Muirhead. Miss Etta Noyes presided at the Memory booth which was something new at this sale. Many articles were contributed by church people residing at a distance. A grocery store with Rev. John Singleton as salesman was rushed with business. Most of the stock was given by local dealers and there was a nice assortment of canned goods, breakfast food, etc.

Cafeteria lunches were served afternoon and evening. Mrs. Elizabeth Joslin Mrs. Charles Dunn, Mrs. Hiram Calef, Mrs. George Smith, Mrs. Orin Stone, Mrs. Hannah Yates, Mrs. Gladys Greenleaf, Mrs. Flora Abbott, Mrs. Irving Witham made up the workers and their waitresses were Misses Ona Yates, Ruth Libby, Cora Smith, Ella Clark, Miss Bishop and Mrs. Gladys Noyes.

On Thursday evening, a novelty entertainment was furnished largely by the "Twin Town Comedians," comprising Irving Witham and Wesley Singleton. Music was furnished by the High School Orchestra. Goods left over from the fair were sold at auction after the show.

### LECTURE BY EX-TRAMP

Parents as well as boys and girls of Norway are urged to hear the lecture of the world's most famous ex-tramp, known through many countries at "A No. 1," when he comes to lecture Friday evening, December 2, in the Congregational church, at 7.30 o'clock.

The public is invited. A packed house of children and parents is anticipated. There will be no charge for admission. The lecturer comes upon the invitation of the class of high school boys taught by Rev. Raymond Morgan, pastor of the Congregational church.

"A No. 1" has a real name, Leon Ray Livingston, but he is nationally known by the name given him while a tramp. This unique man has hobnobbed with such men as Thos. A. Edison, Luther Burbank and Jack London. After 31 years as a tramp he settled down and married and now devotes much of his time to missionary work among boys and girls the country over trying to persuade them to give up the idea of leaving home to "make their fortune."

Mr. Livingston's story is a remarkable one. He has travelled 520,000 miles on $7.16. He has prevented many train wrecks. He has traveled about Europe Cuba, South and Central America. He went to the Klondike in the gold rush. The complete story of his adventurous life will be told in his own unique way the night of the lecture.

Mr. Livingston has devoted his life to the worthy cause of keeping boys and girls from leaving home. More than 200,000 boys leave home every year, 35,000 of whom become worthless tramps and 7,500 of whom are killed annually by trains, automobiles, and exposure. Most of the girls are never heard from again. All classes of homes are represented in this army of young and spirited, but sadly unwise, rebels and wanderers. "A No. 1" is giving his life to decrease that army's size. Boys and girls who hear his lecture do not leave home.

### BIRTHDAY PARTY

A very enjoyable afternoon was passed by several little tots in the observance of Herbert Orey Wiles' fourth birthday. The party was given in his honor by Mrs. Curry Wiles his aunt.

Peanut and Brownie hunts and simple games were enjoyed by the little guests ranging in years from three to five.

Those present were Miriam Corbett, Anita Richardson, Mary Gammon, Richard and Leon Schenk, Kenneth Wiles and Herbert, Mrs. Carl Schenk, Mrs. Hiram Wiles, Mrs. Merton Corbett, and Mrs. Robert Schenk.

Richard found the greatest number of brownies and Kenneth the peanuts while Mary got the consolation prize.

Refreshments of sandwiches, fancy cookies, stuffed dates, two birthday cakes, ice cream and hot chocolate were served. He was well remembered with gifts.

The sale of the Christmas seals will start Friday, Nov. 25th, and will be in charge of the finance committee of the nursing service, composed of Fred E. Smith, Mrs. Victorine Blanchard, L. M. Carroll and Mrs. Elon L. Brown. The sale will be carried on by mail—eighty cents of each dollar will go to the nursing service.

Assistant Fish and Game Commissioner, R. J. Maxey, of Augusta, was a caller in the two villages, Tuesday. He is enthusiastic over the adoption of the Pennsylvania Plan.

The Norway Post Office will observe holiday hours on Thursday, Nov. 24. The office will be open from 8 until 11 a. m. There will be no delivery by either rural or city carriers.

Miss Miriam Pike and a girl friend from Simmons College, Boston, are here for Thanksgiving and two following days.

Become a member at once for the 1928 Christmas Club. Both Norway banks invite you. See ad.

The Thanksgiving turkey, weighing 20 1-2 pounds, given away at Jackson-Greenlaw Co., was awarded to Mrs. Perley May of Norway.

Mrs. Alice Brooks will be dinner guest of Mr. and Mrs. Eugene N. Swett, Thursday.

## Howls and Growls

Squeaks of the Loose Pulley

The first day of open season on moose results in the killing of one cow moose, 5 bulls and a man. The slayer of the cow and the man have been called into court to be punished.

The two Norway banks are paying out some $20,000 to their Christmas Club members. Are you in on this? We hope so.

The Grand Trunk was the first railroad to get to running under normal condition after the freshet of November 4.

"Gordon," 6 years old, in the Upper Primary says he "pin feathered" nine roosters the other day when school didn't keep—We recall when we were allowed to "pin feather," but not to pick chickens. That was some years ago, however.

"She is a smart woman now as far as her health will let her go." This is the recommendation given of a woman who applied for work in a restaurant. Wonder if she carries a certificate of health?

"Mince, pumpkin and squash pie for Thanksgiving." Why does mince pie head the list?

Boiled cider apple sauce, chicken pie and the home-coming of the children was popular in New Hampshire at about this time of year. The bean-porridge season came later and sulphur and molasses in the spring.

Us and I are the same person and means the one who is doing the writing. Send in your items. Don't forget to sign your name, however.

Sent in: "You are wrong. It takes from 20 to 30 seconds to burn the sulphur off a brimstone match. I've tried it and timed it by Bert Hutchins' regulator and know. Doctor So-and-So lights 30 cigarettes a day and uses that number of matches. He is saving 15 minutes of precious time. You may want to go back to the stone-drag age and long skirts. I don't." That settles it as far as we are concerned.

Sent in: "You are slick in figuring. Guess it's another case of wrong pointing off. You say the cost of the R. D. P. is less than 60 cents per day and that we can afford it. You mean six dollars per day—a year's legal interest on a hundred dollars or the interest on $36,500.00, and for what? Show purposes principally. State things as they are. Don't deceive and mislead your indulgent readers."

Peace, happiness and Thanksgiving, with 4 lights in the clock tower.

"Courtesy Day" in Lewiston was a great success! Norway has just such days all the year round.

The town clock was "struck 'round" Friday. Light showed from all four sides of the tower when it became dark.

Our good friend, F. E. Mitchell, Alton, N. H., has been in Boston and vicinity and has this to say:

"The habits and customs of our people have changed much since the World War, and are still changing. The almost universal desire is for more money and more leisure to spend it—to spend it for pleasure and excitement. Conversation that I heard during the three weeks in Massachusetts was chiefly about prize fights, ball games, automobiles, bootleg whiskey, the radio, the movies, dances and kindred subjects. Anything of a more serious nature is taboo. This is undoubtedly an improvement upon what existed prior to 1917; it must be when it interests so large a percentage of the people."

Bob Maxey is reported as saying there are 500 moose running wild in the counties open for moose hunting this week. Wonder on what he bases his estimate?

Also he is made to say that 75 to 100 bull moose will be shot in the week. Let us wait and see.

My opinion is as good as Bob's and that there is more than a thousand of these animals in the State, but I'll make no guess on the number to be killed this season.

Don't spent your Christmas Club Savings foolishly. Better put the most of it away to help out in time of stress, sickness, want of work or even death.

Potato raising and marketing is the outstanding industry of Aroostook. Potatoes and freight rates are the leading subjects of discussion. When it's credibly announced that the Houlton Grange Store last year did a gross business of $482,742.64, with a net profit of $22,781.41, it sets us to thinking there is money in it or an error has been made in figures.

Ralph R. Butts, South Paris: "What! throw away a tire that's only traveled ten thousand miles? I have four on my Buick that have traveled nineteen thousand, five hundred miles and they're still going strong. What do you do with your second hand fish hooks?"

Ah! Ralph, you are not so heavily loaded with fish stories as we are, consequently shoes last longer. Like the tires, we throw the hooks away.

Town Manager, Major H. A. R. Gray, of Rumford, has resigned, effective Dec. 1st. He has been 8 months on the job and has occupied a good deal of space in the home paper.

Red plums—red berries—green moss and water in a tobacco jar to sit around all winter and look "handsome." Now is the time to pick 'em.

Have heard the red things called snake berries, partridge berries, and pigeon plums. They thrive in moist soil and in the shade. They are in good demand for purpose stated above. Have you got your supply?

John Woodman is cruel. Because the writer had a bad foot last winter and is now struggling to get his mouth into shape for store teeth, John accuses him of having "Foot and Mouth Disease."

Two young ladies came to the house the other day gathering church census. We were very prettily invited to attend the Baptist service, as was Mrs. Twitchell. Thanks.

Saying of a newcomer:

"I don't care to live in a town where its principal business is that of the undertaker and embalmer and that is why I left—he gave the name of the place which we omit—and came here."

With due respect to the newcomers, we do wish Undertaker Roy Sniller would have card in this paper telling of him, where he is, his equipment and telephone number. It would be of convenience to the public and help sustain the local paper. Why not?

"Lost—A cat Sunday night, mostly black, but his two back feet are white, a white breast and a white ring on the end of his tail. His front legs are just like a little bulldog's legs. $10 reward."

If that cat does not come home after such a description, he is surely ungrateful.

Some newspapers are saying Judge Barnes of Houlton will resign from the bench to become the successor of Senator Gould in 1930. We guess not. We don't think the politicians will get the Judge into that trap. He is eminently fitted for the place he now occupies and likes it and we don't think you can coax him out of it. We hope not.

## SOUTH PARIS NEWS

Donations by the Truck Load

Two and one half tons was the weight of the gift to the Central Maine General Hospital at Lewiston by the citizens of Paris, collected in a drive sponsored by the Community Club.

Hospital Donation Day observed on Nov. 16, was an event in which workers in West Paris, Paris Hill and the village canvassed diligently with a response that exceeded all expectations. The goods were collected at the store of R. R. Butts and completely filled the truck of the Mason Manufacturing Co. loaned to transport the goods to Lewiston. Among the things were preserves, jellies, marmalade, canned fruit and vegetables, dressed chickens, a variety of vegetables, apples, coffee and groceries in packages. There were two scrap books, pillow cases, special boxes of fruit and many other useful things. Money contributions were received amounting to $250.00 and more.

William B. Russell

After some weeks of illness, William B. Russell died at is home on Gothic St., South Paris, Friday night, Nov. 18. Mr. Russell was born in Hartford, Feb. 5, 1849, the son of Andrew and Sarah (Burgess) Russell. He lived in Hartford on a farm and later on in Leeds and about thirty-eight years ago the family came to South Paris.

He had carried on a livery stable for some time was in the grain business for some years, and had done several jobs of lumbering. For the last few years he had not been in any active business.

Mr. Russell was a member of the South Paris Universalist church, served as one of the parish trustees for several years, and was much interested in the welfare of the church.

He married Mercy Jane Young who survives him. There are two sons, Benjamin Y. Russell and Leon L. Russell and two daughters, Eva, wife of E. B. Clifford, and Della, wife of Alton C. Maxim all of South Paris. There are ten grandchildren and two great-grandchildren. He is survived by two sisters, Mrs. Celia Parsons and Mrs. Emma Tyler, both of Auburn, and one brother, Wallace E. Russell of Turner.

The funeral was held at the Universalist church at 2 P. M. Sunday, attended by Rev. O. E. Bryant. Burial was in Riverside cemetery.

George H. Walker

George H. Walker died at his home in Fryeburg, November 16, aged sixty-nine years. He was the son of Henry and Caroline Frye Walker. All his life was spent on the farm, which was originally cleared by his father and which was kept up and improved by his own painstaking care and labor. He loved his work and was a successful farmer. For several years ill health had compelled him to give up much of the hard work to stronger hands but his interest and counsel was always ready and will be sadly missed by those who must "carry on." He leaves his wife, who was Nellie A. Bennett, of Denmark; two sons, Lewis A., of East Fryeburg, and Philip, of the home farm, and one daughter, wife of Dr. Chandler Walker of Boston and their three sons, Chandler, Frederick Frye and George. Of a family of eight, two sisters and a brother survive—Mrs. Helen B. Carter of Woburn, Mass., Mrs. T. L. Eastman of Fryeburg, and Frederick A. Walker of Boston.

**A LETTER TO THOSE WHO CARE**

Our duty to adorn and beautify has been fulfilled in the quiet and peaceful places where the careless throng does not mingle. We have and have ever realized our responsibility in beautifying the places from "whence borne no traveler e'er returns."

We are astride of the times to protect our customers, to explain and submit expert information to those who are uninformed along this line of work.

Observe the improvement in our cemeteries and you will note that we have executed work in which the respect and reverence of those gone before have been correctly perpetuated the conditions of our churches, schools and cemeteries are the measure of the citizenship of the community. Do not forget lest we in turn be forgotten.

We have just unloaded two car loads of high grade monuments, tablets and markers. We buy our stock by the carload because we can freight it for 50 per cent cheaper than in small lots. We can buy 5 per cent cheaper and thereby save that for our customers. At our plant we have the most improved labor-saving tools. Our concrete foundations work and landscape grading is handled by experts and our forty years of experience has built us up to a standard which we prize very highly. We have been tried by the TEST OF TIME and have survived by applying Golden Rule Methods.

Our display rooms are loaded with beautiful memorials designed by Memorial Architects of high standing executed in the highest grades of marble and granite. A call at our display rooms will be of great help to customers. We have a large assortment of beautiful memorials for inspection.

Place orders early and not be disappointed in the Spring. We don't want to fail to make deliveries as agreed. J. F. Bolster, Granite and Marble Memorial Works, Lynn St., Norway, Maine.—Advertisement. 46-47*

**"Edmund Breese is right. Luckies give complete enjoyment," says DeForest**

*The well-known trainer and boxing expert explains his preference to Evelyn Hoey, Musical Comedy Star, as they chat before the Buckingham Fountains in Chicago. Ill.*

MADE OF THE CREAM OF THE TOBACCO CROP.

You, too, will find that LUCKY STRIKES give the greatest pleasure—Mild and Mellow, the finest cigarettes you ever smoked. Made of the choicest tobaccos, properly aged and blended with great skill, and there is an extra process—"IT'S TOASTED"—no harshness, not a bit of bite.

Edmund Breese,
Well-known Actor,
*writes:*

*"We who act owe our audiences perfect voices—we must keep our throats in condition. Like others, I have solved the problem of smoking by adopting Lucky Strikes because they protect the throat and give complete enjoyment."*

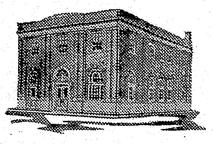
**Wouldn't You Like to Have a Check**

**TO PAY YOUR CHRISTMAS BILLS?**

Of course you would—but the main thing is to insure its coming! Money is always needed at Christmas time, but there are a very few of us who can frankly say that we have all we need. It is the one time of the year when the need of ready cash is most keenly felt, and when a check of twenty-five, fifty or a hundred dollars would be highly appreciated.

**You Can Have It**

All that you need to do to insure its coming to you is to deposit small sums of money weekly, and draw the total, plus interest, two weeks before Christmas.



**We Will Help You**

Many folks are perfectly willing to save, but dislike to deposit small, insignificant sums. But we are glad to inform everyone that our Christmas Club is the final answer to this objection.

**Any of These Classes Are at Your Disposal**

You can join any one of them—or more than one if you so desire.

Class 25—25 cents each week totaling $12.50.
Class 50—50 cents each week, totaling $25.00.
Class 100—$1.00 each week, totaling $50.00.
Class 200—$2.00 each week, totaling $100.00.
Class 500—$5.00 each week, totaling $250.00.

Plus interest if payments made when due

**Join Our Christmas Club Which Is Now Forming**

Make the small deposits called for in the class that you join—and a check for the full amount, plus interest, will come to you in plenty of time for your next Christmas Needs.

### CHRISTMAS HEALTH SEAL CAMPAIGN IN OXFORD COUNTY FRIDAY, GENERAL LINE-UP FOR THE SALE

Again it becomes the privilege of every citizen of Oxford County, as well as the other portions of Maine to assist in the fight against that dread disease, Tuberculosis. This is done through the purchasing of Health Bonds and penny seals—formerly called "Red Cross Stamps" owing to the fact that for a number of years the American Red Cross Society and the National Tuberculosis Association formed a partnership in order to stamp out tuberculosis more effectively.

In 1907 Miss Emily P. Bissell, who spends several months each year in Oxford County, attempted the first sale of Tuberculosis Seals in this country. As a result of her work that year $3,000.00 was used for a sanatorium in Delaware. Compare that with the 1926 seal sale in the United States! Think of the hundreds of people benefited through the expenditure of funds derived from the Seal sale through the medium of clinics, sanatoria, open air schools, nutrition classes, nurses, etc.

The entire nation is working to make the 1927 sale of Health Seals and Bonds the biggest ever. Oxford County, Maine, is not going to be left behind, but is going to "Do its bit" and work for at least a 10 cent per capita sale.

Following is the splendid line-up of Town Chairmen, who have kindly consented to aid in this great fight:

## HOODOO HALO NOT THERE

Wm. C. Leavitt is our authority for saying Snow's Falls should be called "Hoodoo Falls." Nothing ever succeeded there—not even a flood in high water.

Way back in the seventies when he worked at his trade in South Paris, Will Gray, then over 80, said there was a curse on those falls and always had been. No industry ever thrived there.

There are many reasons, easily seen, why business on those falls would not prosper. There is insufficient water and no storage for water available to give continuous power. Again, there isn't yard room enough in the gulch for business purposes. Anybody can see that without being told.

We seriously doubt if there is any business hoodoo other than from natural causes hovering over the place.

F. Virgil Herrick returned Sunday, from the C. M. G. Hospital, where he has been a patient for the past six weeks.

Mrs. George Westleigh has purchased the tea house furniture from the Smiley Tea house: chairs, tables refrigerator, etc. Mrs. Westleigh intends to enlarge her business next year but has not decided just where she will locate.

Tom Huston went to Portland, Monday, taking along with him Capt. M. W. Sampson, who is being treated by an eye and ear specialist of that city. The captain is growing deaf and he wants to get relief if possible. The pointer was left at home, hence they did not intend to hunt.

Miss Edith Smith of the James Smith Shoe Co. will spend Thanksgiving with her brother, Charles, in East Deering.

George H. Bennett had a bad attack of heart trouble, Thursday, and has been attended by a physician. He was better the first of the week but unable to do much work.

J. Merton Wyman is shipping apples to New York. Baldwins are in special favor. He will send away about 475 barrels and enough loose apples to total approximately 600 barrels. Another large shipper is E. C. McGee, who has collected apples in this vicinity for New York markets. Four cars have recently been filled in Norway and one at South Paris.

## NORWAY HIGH SCHOOL FAIR

The annual fair held at Norway Grange Hall, Friday, was a success and a big show for the students to put across.

The sale opened with a rush in the afternoon with the hall decorated for a setting in which various booths figured. Yellow and white was the color scheme at the fancy work booth where Doris Ledger, Alberta Hosmer and Elizabeth Sanborn in Dutch costume presided. The Art and Japanese booth carried suggestion of that far-off country and was in charge of Ona Yates, Helen Brett and Mildred Huff, gowned in appropriate costumes. Business was good at the candy and lunch booth, where Geraldine Pargagard and Wilma Calef kept in action and collected the change.

Vegetables and apples was the stock in trade, where the "Aggie" boys offered their products. Alpheus Jackson, Willard Young and Carl Brown exchanged goods for the coin. A Rhode Island Red prize rooster given by Alfred Dyer of the Red Bird Farm was on display and finally went to Richard Holt.

"Miss I. B. Wise" told fortunes and a mystery trip to the seashore for strange packages proved attractive.

An Art Gallery of World Wonders contained ancient and modern treasures cleverly arranged. Some of the subjects were "Crossing the Rhine," (two ham rinds crossed); "Sweet Sixteen," (16 cubes of sugar); "Trained Rats" (what used to be used to puff the coiffeur); "Eating Under Water," (a small boy eating bread and butter under a shelf containing a glass of water); "Spotted Calf," (a white hose with a large blue spot on the calf); "A Rejected Beau" (an old time neck tie); "Four Seasons," (four packages of spice); "A Place for Reflection" (a mirror); "Bound to Rise," (yeast cake); "Scene in Bermuda," (an onion); "Departed Days," (1926 calendar); "Common Sense," (pennies).

The sofa pillow sale in charge of Evelyn Saleeby, was secured by Miss Mary Hill.

Supper was served at 6 and 6:30 o'clock with Miss Mary Favor chairman of the committee. Several of the mothers assisted the girls.

Patronage was large and a splendid menu was provided.

The evening program was presented before an audience that filled the hall to the doors. The high school orchestra under the direction of Miss Ruth Flanders gave several selections and encores. These young people played unusually well and showed careful and painstaking training. The Girls' Glee Club of twenty-four members wore crepe paper costumes of different colors and they sang finely. A character skit, "Reuben and Rachel" by the Misses Dullea and Rich was amusing; a pumpkin dance by eight girls, Saleeby, Adkins, Allard, Perry, Gallant, Paragard, LaFrance and Merrill was also an amusing sketch, with the girls dressed like pumpkins, in orange skirts and green bodices and caps; the one act play, "Elizabeth's Young Man" was well done and furnished amusement. Miss Wilma Calef gave a character reading of the "Olden Time" at the spinning wheel. Every number was good and evidently enjoyed by the appreciative audience. A dance closed the fair.

## SOUTH PARIS NEWS

Mrs. Sophia S. Kneeland

Mrs. Sophia S. Kneeland, who resides on Gothic Street, was found dead in bed, Monday morning. The physician who was called said death must have occurred about nine o'clock Sunday evening. For the past two or three months she had been suffering from dropsy, which had been worse or a week or two, though she was so as to come out and sit at the table for her meals.

Mrs. Kneeland was the daughter of Benjamin and Eliza Wheeler, born in Harrison 74 years ago. She married Eben J. Kneeland, a civil war veteran, who died in 1912. The family came from Harrison to South Paris about eighteen years ago. Their only child, a son, Ernest C. Kneeland, who has lived with his mother, survives. She is also survived by two brothers, Andrew R. Wheeler of Harrison and Willis B. Wheeler of South Paris.

Mrs. Kneeland was a member of the Community Calvary Church of Harrison and of Mt. Pleasant Rebekah Lodge and William K. Kimball Circle, Ladies of the G. A. R., of South Paris.

The funeral was held from the house at 2 p. m., Wednesday, attended by Rev. E. B. Tetley. Burial in Riverside cemetery.

The chicken pie supper at the Baptist vestry and served by the Ladies' Aid, Thursday evening, attracted a large patronage. An entertainment followed, the program included selections by the church choir, Mrs. Edith Wheeler, Mrs. Hattie Dennison, C. A. Churchill and L. W. Titus and Mrs. Stella W. Burnham at the piano; duet by Musa Taylor and Barbara Gray with Ella Churchill accompanist; solos by Mrs. Clara Moshek and Mrs. Edith Wheeler and piano duet, Mrs. Burnham and Mrs. Wheeler. Mrs. Esther Tower Anderson of Nowray gave several readings and graciously responded to encores. The sale was held at the vestry the following afternoon.

The Community Thanksgiving concert in the Congregational Church, Sunday evening was largely attended and an offering of $54.63 was received for needy cases.

The ladies of the Congregational church hold their Christmas sale and supper Thursday afternoon, Dec. 1. An entertainment the evening of Dec. 2 will include the farce "Our Church Fair" presented by the ladies with dramatic talent.

Mrs. Mary H. Crockett went this week to Arlington, Mass., where she will spend the winter.

Mrs. Grace Starbird, Grand Senior of the Pythian Sisters' State organization, has inspected the Temples at Mexico and Rumford.

J. L. Chamberlain Corps S. of V. Auxiliary will hold its annual fair at G. A. R. Hall on Thursday, December 1st. In the afternoon there will be a sale of aprons, fancy work, candy, etc. A supper will be served at 6.30, which the public is invited to patronize, followed by an entertainment in the evening.

The regular meeting of J. L. Chamberlain Camp S. of V. Auxiliary will be omitted this week, on account of it's coming on Thanksgiving night.

## Maud Muller

By C. F. Whitman

Maud Muller is one of the loveliest and most pathetic heroines of American literature. To carry out the principal idea of the poet that:

"Of all sad words of tongue and pen,
The saddest are these: it might have been"

He consigned a lovely, modest, graceful and sensitive young woman to a life of drudgery with a coarse, ignorant, and guzzling human brute. Can one think of anything more horrible or repugnant to cultured senses? It has been stated by some writer that Whittier was not especially satisfied with the poem. No sensitive nature certainly who studies it critically, can be. While shut out for a period from the light of day, at the Eye and Ear Infirmary, I gave the poem much thought and the following are some of my reflections, giving another side to "It might have been" that is not so bad. From the poem it might be assumed that Maud was from nineteen to twenty-two years of age and a real beauty. The Judge was evidently the youngest member of his family, and perhaps was from twenty-five to twenty-eight. He was dominated by his "proud and cold sisters." It was probably an influential family which after his college and legal training was able, under favorable circumstances to procure him an appointment as Judge of one of the courts. He had superior attainments beyond question and an attractive personality. His cultivated manners and tender glances in their meeting by the wayside, left a lasting impression on the maiden's mind and heart and he was equally impressed with her beauty, modesty, grace and loveliness which never faded from his memory. The last lines of the poem here repeated, suggest that Whittier himself had a secret pain:

"And ah for us all some sweet hope lies,
Deeply burned from human eyes,
And in the hereafter, angels may
Roll the stone from the grave away."
But Fate had otherwise decreed,
And by a stroke, the Judge was freed,
And by a similar decree,
Maud Muller also was set free,
And thus it seems that by a blow
Fate strikes alike the high and low.
At Christmas time so bleak and cold,
The Judge sent Maud some notes of gold
An ample sum and more beside,
For all her wants 'till next Yule-tide,
"Let me help," he wrote, "though far away,
To light your burdens day by day."
Maud's heart o'erflowed with joy, she said:
"He loves me still" and musing hung her head.
Once more the Judge rode down the lane,
And in the shade of trees drew rein,
Maud's humble cottage stood quite near,
And presently she did appear.
He clasped her to his heart and breast,
Caresses followed with the rest,
"I've come dear Maud," he said. "to see
If you'll consent to marry me,
I want before I'm dead and gone,
The sunshine in my lonely home.
Four boys and girls my own shall be,
They'll have the best, with you and me,
There is little Tom, named for me,
As bright a lad as there could be
Part Maud will be my great delight,
The whole day through from morn till night."
"Noble and good," she said, "are you,
My youthful dream is coming true."
With joy and happiness galore.
They lived and loved forever more.

New England's *Own* and *Only* Cement Mill
*AT last New England's hopes are realized.* For years New England's architects, engineers, builders and contractors have wanted a home-produced cement.
They knew that the raw materials existed. They knew it could be done. But nobody did it until the makers of Dragon Cement started the big mill at Thomaston, Maine. And from there, soon, will come the same Dragon which New England has used in ever-growing volume since 1889.
There never was a better cement than Dragon. Now it is a home product. We are glad to sell it and recommend it for its strength, speedy hardening, fineness and uniformity. Its use speeds and improves the job.

## Lesson for November 27

### ISAIAH TEACHES TRUE WORSHIP

LESSON TEST—Isa. 1:1-20.
GOLDEN TEXT—O magnify the Lord with me and let us exalt his name together. I saw the Lord and he heard me and delivered me from all my fears.
PRIMARY TOPIC—Worshiping God
JUNIOR TOPIC—Worship That Pleases God.
INTERMEDIATE AND SENIOR TOPIC—Worship That Pleases God.
YOUNG PEOPLE AND ADULT TOPIC—The Nature of True Worship.

Isaiah had a long ministry, beginning in the days of Uzziah and extending through the reign of Jotham, Ahaz and Hezekiah. For a history of the nation in this time see II Kings chapters 15 to 20. Isaiah's visions present the redemptive purpose of God through the consummation of Messiah's kingdom. Chapter 1 is the title to the whole book. It contains the great arraignment of the people for their sins.

I. The Moral State of the People (vv. 2-4).

1. Filial Ingratitude (v. 2).

The universe is summoned to hear the Lord's complaint against Judah and Israel for their base ingratitude.

2. Brutal stupidity (v. 3).

The ox and the ass are proverbially stupid, but Israel's stupidity exceeded theirs. Israel would not recognize His right as sovereign, nor author of mercies.

3. Habitual evil doers (v. 4).

They were not sinners in act merely but in nature and heart were laden with iniquity. By heredity they passed their vices from generation to generation.

II. Their Consequent Miseries (vv. 5-9).

1. Their perplexity (v. 5).

Chastisement only hardened them. Their afflictions were followed by deeper and more heinous sins.

2. Their awful confusion (v. 6).

The calamity which befell them extended to all classes. No one was able to minister to their comfort.

3. Desolations in the country (vv. 7, 8).

Revolts from within and invasions from without left their country desolate. Physical ruin always follows moral and spiritual decadence.

4. A saved remnant assured (v. 9).

God's purposes cannot fail. A remnant was saved in Israel—a remnant shall be saved in the church.

III. Formal Worship Rebuked (vv. 10-15).

Their awful calamities were not due to the neglect of religious rites and ceremonies. They punctiliously observed the forms of religion while indulging in iniquitous practices.

1. God does not need sacrifices (v. 11).

Worship and service are not for God's benefit, but for that of the worshipers themselves.

2. God's attitude toward formal worship (vv. 12-14).

The very rites and ceremonies which God ordained for the purpose of helping men to approach Him become disgusting and irksome to Him.

3. God's refusal (v. 15).

Every act of worship while the heart and life are steeped with iniquity only incites the anger of the Holy One.

IV. An Amended Life God's Requirement (vv. 16-20).

Though the nation had so grievously sinned, their case was not hopeless. In order to enjoy that mercy there must be:

1. A cleansing.

"Wash you, make you clean." The washing by water symbolized the cleansing by the blood of the Son of God.

2. "Put away the evil of your doings."

There could be no cleansing while continuing in sin.

3. "Cease to do evil."

4. "Learn to do well" (v. 17).

One can only cease to do evil by learning to do well.

5. "Seek judgment."

One must not only be upright himself but should protest against the wrongdoing of others. Burdens should be removed from the oppressed. Justice should be done to the fatherless and the widows should be befriended.

6. Encouragement to come to God (v. 18).

Though their guilt was great and the judgment which befell them was awful, God's pardoning and cleansing grace were sufficient.

7. Conditional promise (v. 19).

This means that they could only enjoy good on God's terms.

8. Solemn warning (v. 20).

Rebellion against God brings ruin

### Religion

Trusting God with a sincere and open heart, ready to obey what He suggests, asking His guidance, and ready to take it, believing in Him and simply trusting life to Him—that is religion.—James Reid.

### Cost of Discipleship

Christ tells us to count the cost of discipleship, but He never asks us to count the gain. He knew we could not; there is no arithmetic to compute that.—W. L. Watkinson.

### TRUTHS AND HALF-TRUTHS

The modern girl is not one-half as bad as she is painted. In fact, she couldn't be. The modern son knows well enough why father grins when mother tells how petting parties were unknown when she was young.

Certain Europeans are very anxious to have the quotas of their countries increased. Since prohibition, employment for foreigners in America seems to be plentiful and remunerative.

It is alleged that an alleged new model of an alleged automobile is to appear at some future date.

Who wants an automobile that will only make fifty miles on the level, when the legal rate of speed has been increased from thirty to thirty-five?

### ISAIAH TEACHES TRUE WORSHIP

LESSON TEST—Isa. 1:1-20.
GOLDEN TEXT—O magnify the Lord with me and let us exalt his name together. I saw the Lord and he heard me and delivered me from all my fears.
PRIMARY TOPIC—Worshiping God
JUNIOR TOPIC—Worship That Pleases God.
INTERMEDIATE AND SENIOR TOPIC—Worship That Pleases God.
YOUNG PEOPLE AND ADULT TOPIC—The Nature of True Worship.

Isaiah had a long ministry, beginning in the days of Uzziah and extending through the reign of Jothan, Ahaz and Hezekiah. For a history of the nation in this time see II Kings, chapters 15 to 20. Isaiah's visions present the redemptive purpose of God through the consummation of Messiah's kingdom. Chapter 1 is the title to the whole book. It contains the great arraignment of the people for their sins.

I. The Moral State of the People (vv. 2-9).

1. Filial ingratitude (v. 2).

The universe is summoned to hear the Lord's complaint against Judah and Israel for their base ingratitude.

2. Brutal stupidity (v. 3).

The ox and the ass are proverbially stupid, but Israel's stupidity exceeded theirs. Israel would not recognize His right as sovereign, nor author of mercies.

3. Habitual evil doers (v. 4).

They were not sinners in act merely, but in nature and heart were laden with iniquity. By heredity they passed their vices from generation to generation.

II. Their Consequent Miseries (vv. 5-8).

1. Their perplexity (v. 5).

Chastisement only hardened them. Their afflictions were followed by deeper and more heinous sins.

2. Their awful confusion (v. 6).

The calamity which befell them extended to all classes. No one was able to minister to their comfort.

3. Desolations in the country (vv. 7, 8).

Revolts from within and invasions from without left their country desolate. Physical ruin always follows moral and spiritual decadence.

4. A saved remnant assured (v. 9).

God's purposes cannot fail. A remnant was saved in Israel—a remnant shall be saved in the church.

III. Formal Worship Rebuked (vv. 10-17).

Their awful calamities were not due to the neglect of religious rites and ceremonies. They punctiliously observed the forms of religion while indulging in iniquitous practices.

1. God does not need sacrifices (v. 11).

Worship and service are not for God's benefit, but for that of the worshipers themselves.

2. God's attitude toward formal worship (vv. 12-14).

The very rites and ceremonies which God ordained for the purpose of helping men to approach Him become disgusting and irksome to Him.

3. God's refusal (v. 15).

Every act of worship while the heart and life are steeped with iniquity only incites the anger of the Holy One.

IV. An Amended Life God's Requirement (vv. 16-20).

Though the nation had so grievously sinned, their case was not hopeless. In order to enjoy that mercy there must be:

1. A cleansing.

"Wash you, make you clean." The washing by water symbolized the cleansing by the blood of the Son of God.

2. "Put away the evil of your doings."

There could be no cleansing while continuing in sin.

3. "Cease to do evil."

4. "Learn to do well" (v. 17).

One can only cease to do evil by learning to do well.

5. "Seek judgment."

One must not only be upright himself but should protest against the wrongdoing of others. Burdens should be removed from the oppressed. Justice should be done to the fatherless and the widows should be befriended.

6. Encouragement to come to God (v. 18).

Though their guilt was great and the judgment which befell them was awful, God's pardoning and cleansing grace were sufficient.

7. Conditional promise (v. 19).

This means that they could only enjoy good on God's terms.

8. Solemn warning (v. 20).

Rebellion against God brings ruin.

### Religion

Trusting God with a sincere and open heart, ready to obey what He suggests, asking His guidance, and ready to take it, believing in Him and simply trusting life to Him—that is religion.—James Reid.

### Cost of Discipleship

Christ tells us to count the cost of discipleship, but He never asks us to count the gain. He knew we could not; there is no arithmetic to compute that.—W. L. Watkinson.

### TRUTHS AND HALF-TRUTHS

The modern girl is not one-half as bad as she is painted. In fact, she couldn't be.

The modern son knows well enough why father grins when mother tells how petting parties were unknown when she was young.

Certain Europeans are very anxious to have the quotas of their countries increased. Since prohibition, employment for foreigners in America seems to be plentiful and remunerative.

It is alleged that an alleged new model of an alleged automobile is to appear at some future date.

Who wants an automobile that will only make fifty miles on the level, when the legal rate of speed has been increased from thirty to thirty-five?

## CHRISTMAS MAIL ANNOUNCED BY P. O.

For the instruction and convenience of the local mailing public, postoffice officials have issued the following mailing chart, giving the latest mailing date of dispatch of foreign Christmas mails from New York, the request being made that articles be mailed in advance of dates indicated.

It is also requested that Norway citizens consider the fact that at least four days earlier mailing is necessary.

It is not practicable to state when parcel post packages may be delivered in foreign countries because of the customs formalities that must in most cases, be complied with by addressees before actual delivery is made.

The following list shows the approximate latest dates of dispatch from New York, but if mail can be ready, it should not be held lest congestion prevent delivery until after Christmas.

Nov. 24.—Ceylon, Cyprus, India (British), Kenya and Uganda, Persia, and South Africa.

## WATERFORD

George C. Wheeler

Again Death has visited the little village of Waterford and a familiar form is no longer seen on our streets. George C. Wheeler, one of our oldest and most respected citizens "crossed the bar" on Thursday, Nov. 10th. Mr. Wheeler was born in Waterford, Nov. 6, 1843, and had just passed his eighty-fourth birthday. He was born and lived a great part of his life in the house where he died. He was the youngest child of Franklin and Caroline Billings Wheeler and was educated in the schools of Waterford.

He was a great reader and until his eyesight failed, read the Boston Daily Globe for many years. The writer has heard him say that the daily editorial of "Uncle Dudley" was worth the price of the paper.

For some years he worked on the railroad with Boston as one terminal and he had many interesting anecdotes of his experiences and of the distinguished people who had ridden with him. After an accident on the railroad that disabled him for some time, he settled down in the old home with his wife and adopted son and carried on a successful grain business.

One by one his near relatives have passed away, wife, son, sister and brother, and his nearest remaining relatives are two nieces, who have seen that he was well cared for in his declining years.

Mr. Wheeler was a member of Mt. Tirem Lodge, F. & A. M., and a charter member of Keoka Chapter, O. E. S. He was a Democrat in politics and liberal in his religious views, a good neighbor and a good citizen. We can ill afford to spare them.

During the last year he was faithfully cared for by Mr. and Mrs. Llewellyn Millett.

The funeral services were held at his hom, Saturday, November 12.

Edmund Douglas has been spending a few days with his mother, Mrs. Lillian Morse.

Mrs. Frances Grover has gone to Norway to spend the winter. Her daughter, Annie, is attending high school there.

Miss Gage has been spending a few days in Worcester, Mass., Mrs. Hazel Gardner went with her and visited relatives.

Mrs. L. R. Rounds, who has been visiting relatives in Boston and New York, returned home on Sunday.

Madam Hubbard of Hatfield, Mass. has come to spend the winter with her son, Dr. R. B. Hubbard.

## DOWN FROM THE NORTH

During the past sixty years hundreds of thousands of Canadians have crossed the unfortified line and settled in the United States. In fact, statistics show that there are 1,800,000 Canadians and children of a Canadian-born parent on this side. Practically all of these northerners have become naturalized and have helped to keep up the percentage of Anglo-Saxon blood.

Admiral Sims, Ex-Secretary Lane, Mary Pickford, Mayor Couzens of Detroit, Hill of the Great Northwestern, Wilson of packing house fame, President Schurman of Cornell, Bowman of hotel fame, Bishops Berry and Nicholson, Harvey O'Higgins the playwright, MacKenzie the sculptor, Marie Dressler, May Irwin, all these and many others who have achieved fame, are said to have crossed the line from that friendly country to the north.

The acid present in a good grade of silage is not believed to injure the stomachs of cattle. On the other hand it is thought a benefit to the digestive system. It helps to keep down undesirable fermentations in the silage and aids in the digestion of the feed. This acid is largely "lactic acid" such as is found in sour milk.

### UP-IN-TOWN CORRESPONDENT HATH BROKEN FORTH

Here is what she says:

"I think I will give you the account of what we may expect by the way of snowstorms during this winter, according to the first snow storm which was on Nov. 10th, as this is the date of the first real snow fall.

"We got just a flurry of snow on the 7th, but not enough to call it a storm. So my predictions are from the 10th. We are to have twenty-three snow storms during the winter. If I were to calculate from the 7th, when it just spit a few flakes, then that would mean forty-five storms.

"So I predict from the first real storm and that means twenty-three.

"That's enough and ought to satisfy New Hampshire people. We hope the predictions come true."

They are having such interesting times at the Up Town parties Saturday nights, they have about all the hall will hold. Sometimes it looks as if they were thicker than three in a bed, but there is no crowding and everyone is good natured. So they get along nicely and have a jolly good time.

They say Laconia Grange hall is the place to go to have a good time. So say we, although we never dance.

---

We never saw hens so slow to shed their feathers as they are this fall. Mine are nearly naked yet. They seem to be most naked yet, but in style, like most of the female sex are at present.

Guess we will have to make blankets for them if cold weather sets in soon.—Mary Hall in News & Critic. Laconia, N. H.

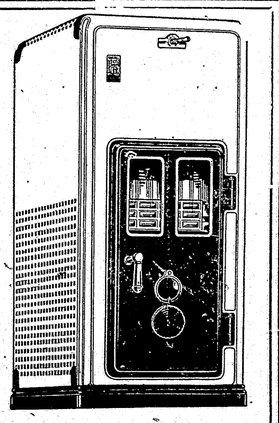
Circulates Healthful Warmth Throughout the Home for the Usual Cost of Heating One Room



The Ideal Vecto Heater is a clean, compact, self-contained heating unit—a perfected, scientific application of nature's way of spreading warmth.

Instead of radiating an intense heat for a short distance in one room only, the Vecto Heater distributes an even, comfortable warmth through every room. This it accomplishes by its very extensive and scientifically designed heating surface.

Large volumes of air are continuously warmed at moderate temperatures. In accordance with the natural law of gravitation, the warmed air rises and circulates steadily throughout the home, bringing clean and healthful warmth to every nook and corner. The Ideal Vecto Heater thus actually warms and circulates the entire body of air in a home, six to ten times each hour. Yet because of its special, exclusive features of design, it consumes no more coal than is ordinarily used by old-fashioned heaters to warm one room!
